

Great Granddaughters Aubrie Obermier, Adri Sheppard and Eyla Sheppard.

Aubrie was born in Waterloo, Iowa on April 24, 2002. Remember going to the hospital to see her. She was a very pretty baby. We saw Aubrie often when she was small but over the years she drifted away from our side of the family.

She has excelled in many areas of her life. In high school she was in band, choir, honor society and acted in the school plays and many other activities.

Aubrie is now going to DMACC in Des Moines, Iowa to become a nurse.

We have never spent much time with Adri but have watched her grow into a pretty young girl who has gotten more outgoing in this past year.

Adri is in the fifth grade band at North Butler school in Greene, Iowa.

We enjoyed watching her play softball this summer .

Somehow I have gotten the impression that Adri gets the attention of the boys in her class. In fact, she will admit it herself!

Eyla Sheppard was born June 7th of 2012.

Eyla is a shy girl when she is around us but have a feeling she can be lots of fun when she gets to know people better. Looking forward to watching her play softball next summer too.
