

Have you ever had a terrible haircut.

Yes, I have had a TERRIBLE haircut.

It is a very memorable haircut. We were going to celebrate our 25th wedding anniversary with a dance and I ,of course, wanted to look my best. I needed a haircut. I had recently won a free haircut in a drawing at the Amvets so decide to use it. It was from a barber I had never gone to. Guess since he didn't know how I usually wore my hair he decided he should see how short he could cut it. My haircut was a topic of conversation with family and friends at the dance.

Wish we had taken some pictures but typical of us we didn't take any.

Who doesn't take pictures of their 25th Anniversary. Just us I guess.
