

# If you could choose any talents to have, what would they be?

I would like to have musical talents. I wish I had continued taking piano lessons and really learned how to play. It would be nice to be able to sing too.

Both of my brothers, Bruce and Glenn, are very good at wood working. I wonder why I was missed with that talent. Guess that I was too busy farming when I was younger and after retiring I enjoyed golf and spent my spare time at that.
