

What are some of your favorite ways to spend a Saturday?

The past few years we have enjoyed going out for breakfast at different restaurants, in different towns, with our friends Reed and Wanda Weinberg.

I love to watch sports so enjoy the baseball, golf and football on TV on Saturday afternoons.

In the past we would go out to eat with friends or go to dances on Saturday nights. Since we've gotten OLD we pretty much stay at home or just visit and play cards or board games with local friends. Night driving where we are unfamiliar with the roads has gotten scary.
