

What was your favorite candy as a child?

My favorite candy was a Mars bar. I also liked Black Licorice.

Some of the candies I remember but were not necessarily my favorites were Rock Candy and Lemon drops. My Grandpa and Grandma Kollman always has these on hand. The Rock candy was basically sugar on a stick.

Other candies around at that time were Holloway suckers, Mallow Cups, Baby Ruth, Candy Cigarettes, and Almond Joy.

Bazooka Bubblegum, Double Bubble Dentyne, and Wrigleys Doublemint were some of the gums I remember. The Bazooka had a cartoon inside the wrapper called Bazooka Joe.

There were also Cracker Jacks. This was a caramel popcorn and peanut mixture. There was always a small toy inside.
